

# SERIES MH HOSE REELS

COMMERCIAL / INDUSTRIAL APPLICATIONS  
FOR MOBILE OUTDOOR ENVIRONMENT USE

Choose 1/4" dual welding hose, or 3/8" and 1/2" single hose in the Series MHA models or 1" and 1-1/2" hose in the Series MHB models. Full flow shaft and swivel assure maximum product delivery. Reels feature spring rewind and ratchet lock, multi-position four roller hose guide and adjustable hose stop. Rugged steel construction. Steel components protected by durable baked polyester finish. Because rigid plumbing to reel input is not advised, all reels include a convenient 3' long connecting hose. Male input fitting on connecting hose is the same size as output hose on reel spool.

### REELS FEATURE:

- 1/4", 3/8", 1/2", 1" or 1-1/2" hose
- air, water, oil, grease or oxy/acetylene duty
- Rugged steel construction
- High quality swivel joints designed with seals for each specific fluid application
- Hand pull, fully automatic rewind
- Heavy duty mounting brackets
- Spring motors are safety banded, totally enclosed and lubricated for long, trouble free performance
- Positive ratchet lock
- Multi-position adjustable full width hose guides to prevent hose from "stacking"
- Orange polyester baked-on finish
- Adjustable hose stops

MODEL NUMBER	MAX PRESSURE psi	I.D. inch	O.D. inch	LENGTH feet	APPLICATION	SWIVEL MAT'L	HOSE MAT'L
